Accelerating success.

PROPERTY DESCRIPTION

i-bank Tower is a 24-story, high-rise office building on Poplar Avenue in East Memphis. The building was built in 1967 by developer, William B. Clark, Sr., and includes the signature round top floor, which once housed a rotating restaurant. i-bank Tower and the adjacent Clark Tower occupy a special place in local commercial real estate history. The two buildings helped spark the eastward shift of office space in Memphis away from the downtown skyline and toward the Poplar corridor.

One of the most recognizable buildings in the city, i-bank Tower has grown to be a landmark location. Mid-way between White Station and Mendenhall on Poplar Avenue, i-bank Tower offers modern exterior and interior upgrades, a professional tenant-mix, and flexible floor plans.

Numerous area amenities include housing, shopping and restaurants all within walking distance. Today, the Poplar corridor in East Memphis is the most sought-after office submarket in the Memphis area. Because of its centrality to where Memphians Live, Work & Play, i-bank Tower, along with Clark Tower's greatest advantages are visibility and location.
