Overview/Comments

The Courtyard Shops is a collection of 30 walk-around stores and cafes located adjacent to the North Campus of the University of Michigan on the Plymouth Road corridor to downtown Ann Arbor. This location is also across the street from a newer student housing project consisting of 896 occupants.

The Courtyard consists of four separate buildings in a park like setting with outdoor seating and convenient parking.

Zoning Description A commercial service district designed primarily to serve the needs of the surrounding community. This includes establishments which although they serve primarily a surrounding neighborhood, could also serve a larger trade or service area. These districts tend to create greater environmental stresses than those districts permitted under C1, even though the goods or services offered might be in the convenience category or classification. Most persons entering this district will come by auto and typically park once. The economic welfare of merchandising activities in these districts depends on moderate development of comparison shopping. Office building activities are compatible with the purpose of the district as long as adequate and convenient automobile parking can be provided for both the office and the retail merchandising activity.
