FACT SHEET

Features

The ATIC Facility has all metropolitan-based utilities available. The improvements are 100% heated and air conditioned via gas fired package units with ample electric and sufficient sprinkler systems. The interior finish is set up as an education teaching facility. There are classroom, offices, break/lunch area, computer labs, etc. There is a 259 person auditorium. The interior finish comprises faux wood, VCT and carpeted floors. The walls are painted and soundproofed drywall walls. In the secure areas, the conduit is located on the exterior of the wall so as to insulate it from tampering. The ceilings are acoustical tile. There is extensive network wiring for both secure voice, video and data communication and transmission. There are adequate restrooms serving the ATIC Facility.
