COMMENTS

Target anchored development with grocery, pharmacy, and a large selection of soft goods product that will cater to the over 48,800 Students and 22,500 Employees at the University of Minnesota. Target will provide an assortment of value to the trade area and will draw continual traffic to The Marshall Development. The project is strategically located in the heart of Dinkytown on the East Bank Campus and is home to over 15,000 visitors each day, not to mention the added traffic generated by the Big Ten sport facilities within the campus during game days.

This is a rare opportunity for a restaurant to enter the market next to a robust traffic generating Fortune 100 Company at the U of M. The development is unlike any others in the market and consists of over 336 high end student housing units with more than 800 residents.
